

A Safe Ride to Shore on an Inner Tube!

(VCE Game)

WELCOME TO DOGTOWN LAKE!
Hop on an inner tube and join the
dogs for a wet race to shore!

YOU WILL NEED:

The first inner tube racer
to write nine words on
a lane... WINS!

- a gameboard (on page 83)
- 45 game cards (on page 84)
- 1 announcer
- 5 inner tube racers

1. Look at the gameboard. Each inner tube racer will splash down the lake with one of the dogs! Pick a racing lane and remember its vowel sound.
2. Look at the game cards. All the words have long vowel sounds. Each word ends with a "magic" e. Cut out all the cards. Put them in a pile face down.
3. **Announcer:** Draw a game card. Read the word to the inner tube racers. Don't let them see the word! **Inner Tube Racers:** Listen to the vowel sound of the word. The racer whose lane has that vowel sound will write the word on the first space of his/her lane.
4. **Announcer:** Keep drawing and reading word cards one at a time. Give the inner tube racers time to write each word. **Inner Tube Racers:** Keep splashing down Dogtown Lake. Write only words that have the vowel sound of **your** racing lane. Get to shore safely!

A Safe Ride to Shore on an Inner Tube!

THE WINNER!
